NEIGHBORHOOD WATCH!

Thank you to all of the many volunteers who have contacted me about being block captains! Filling these positions has made me realize what a large neighborhood we live in and motivates me even more to cover the entire area. In general, these are the areas that we still need block captains for, in no particular order!

Sheffield Rd., Buford Rd., Windsor Way, Clarendon Ct., Whitehall Ct., Kesington Ct., Hastings Ln., Tempsford Ln., Tyndal Ct., Somerset Ct., Prentis Pl., Wetherburn Ln., (parts of) Hempstead Rd., part of Devon (closest to Buford), part of Seton Hill Rd., Fenwyck Ct.

Please do not wait for your neighbor to volunteer, call or email me to help out! This is a minimal time investment for a maximum return! Look forward to hearing from you!

The Last Ribbit

I recently drove through the 'Hood, past a neighbor using a weed wacker to clean up around his mail-box. The tool apparently didn't have a functioning shield or "got away" from him and pinged a little stone from the road up at my car. I didn't think anything of it until 20 minutes later when an unbelievably loud crack accompanied the shattering of my window filled my lap and front seats with glass. After a rational JCC Police Officer had assured me that I was not, in fact, the victim of an assassination attempt, he advised me that the pattern was consistent with a breakage from a stone. Sure, these things happen and I'm okay with the car part, but I couldn't help thinking about the possibility of that having been some kid on a bike, or someone walking their dog. Just a reminder to be extra careful when using those tools close to road or around potentially flying objects...I think the deductible would have been a lot higher if that stone had hit someone in the head
